

## PRESIDENT TAKES HAND IN LEGISLATION

### SAID TO HAVE ASKED ACTION BE DEFERRED ON SOLDIER BONUS

Is Understood to Have Endorsed the View  
of Secretary Mellon—Indicates That He  
Will Set Forth His Views More Fully in  
Near Future—Outlook is More Uncertain

(By The Associated Press)  
WASHINGTON, July 7.—President Harding paid an unexpected visit to the senate today, and, it is understood, interposed the right of his personal influence to defer action on the soldier bonus bill until a clearer understanding of the government's financial outlook has been made possible by enactment of new tariff and tax laws.

In an hour's conference with senate leaders the president is understood to have endorsed the view of Secretary Mellon that bonus legislation now might be a serious embarrassment to the treasury and even to have suggested that all other legislative business be suspended to permit completion of the tariff and tax revisions as soon as possible.

### PLANS DISCUSSED FOR PAYMENT OF MONEY TO ROADS

May Advance \$500,000,000 in Next Six Months

(By The Associated Press)  
WASHINGTON, July 7.—Negotiations between government and railroad executives involving refunding arrangements by which the carriers would receive approximately five hundred million dollars in additional treasury advances within the next six months are expected to be completed within two days, Secretary Mellon announced today.

The advances would be equivalent to the sum expended out of railroad earnings by the government in capital betterments during the period of war time control, he added.

Additional appropriations by congress, Mr. Mellon indicated, may be needed before "all the money can be advanced, but a part of it may be advanced by the treasury out of present authorizations of agreements tentatively reached and confirmed."

**Six Per Cent Securities.**  
The government will receive six per cent securities from the individual roads involved, in exchange for the advances, and the railroads will be enabled to pay off outstanding accounts for supplies, and embark upon repairs of rolling stock and other maintenance which have been deferred because of corporate deficit.

Both Mr. Mellon and Secretary Hoover said the plan contemplated would be of great business value to the country in easing credits and furnishing employment. Mr. Hoover estimated that two hundred thousand additional men could be employed by the roads if funds were available.

Mr. Mellon pointed out that the transaction, if completed will not involve loss, but may involve profit for the treasury, since the railroads will pay six per cent on the money advanced and treasury borrowings have been obtained generally at lower rates.

### UNABLE TO GET IN TOUCH WITH STEAMER

(By The Associated Press)  
NEW YORK, July 7.—Officials of the Munson Line admitted today that they had been trying unsuccessfully for two days to establish radio communication with the liner Caliao, due next Sunday from Buenos Aires and Rio de Janeiro.

Recent reports of pirates operating off the American coast were scouted by officials who added that it was possible atmospheric conditions or disabling of the Caliao's wireless was responsible for failure to raise her. The Caliao, owned by the shipping board carries sixty passengers.

**WAITED 22 YEARS FOR  
MAN, AWARDED \$17,000**  
Lincoln, Neb., July 7.—Miss Jennie Fellers, 40, Humboldt, Neb. today was awarded \$17,000 damages in her suit for breach of promise against Louis Henry

Whe, 45, also of Humboldt, by the state supreme court. Miss Fellers claimed she had waited 22 years for Howe on his promise to marry her. She had been awarded \$22,000 by District Judge Troup of Douglas county.

### WITNESSES FOR STATE TELL WHAT MRS. KABER SAID

High Lights in Famous Murder Case  
Thursday

(By The Associated Press)  
CLEVELAND, O., July 7.—Testimony tending to show that Daniel F. Kaber for whose murder his widow, Eva Katherine Kaber is on trial for first degree murder, suspected of having planned his assassination was introduced today by the state thru two witnesses. "My wife ordered this done! My wife ordered this done!"

These exclamations were made by Mrs. Kaber to Police Lieutenant I. B. Miller of Lakewood upon the officer's arrival at the home soon after Mr. Kaber had been stabbed according to Lieutenant Miller's testimony.

"My God, doctor; my wife must have done this," Dr. W. J. Quigley, who was called to attend the wounded man, said Mr. Kaber exclaimed to him.

This with assertions by two women witnesses that Mrs. Kaber had told them she wanted her husband murdered were the high points in the state's testimony. Mrs. Mary J. Wade, an alleged medium, testified that Mrs. Kaber on the last of several visits to her said:

"I want you to try to get rid of Dan Kaber for me."

Asked by Mrs. Wade how she was to go about it, Mrs. Kaber was alleged to have replied:

"I want you to kill him, any way to get rid of him. The man I love has no money, only brains, and Mr. Kaber has \$50,000 life insurance."

Mrs. Bertha Miethke, grandmother of little Patricia, whom the Kabers had adopted, testified that Mrs. Kaber said to her in April, 1919:

"I hate Dan Kaber and am going to get rid of him within the next six months in some manner or other."

The state also in an effort to substantiate its claim that Mrs. Kaber sought to poison her husband, introduced testimony of Dr. Quigley and Dr. Alfred Mascke along this line.

Both physicians said they had treated Mr. Kaber several months before his death. They asserted he was suffering from neuritis and secondary anemia.

Based upon a hypothetical question asserting that an analysis of Mr. Kaber's internal organs after his death disclosed the presence of arsenic in quantity sufficient to kill four men, both physicians said they would diagnose the cause of poisoning and neuritis as arsenical poisoning.

**Admit Hypothetical Question**  
The hypothetical question was admitted by Judge Bernon only on the state's promise to show by later testimony that an analysis of Mr. Kaber's organs showed the presence of the poison in the quantity alleged.

Attorney W. J. Corrigan on cross examination of the physicians sought to establish that the poison might have been absorbed from powders sprinkled over the organs by the undertakers who prepared the body for burial.

Dr. Quigley maintained that the poison could not have been absorbed in this manner in such an amount as claimed by the state.

Attempts by the state to introduce additional statements alleged by Police Lieutenant Miller to have been made to him by Mr. Kaber soon after the stabbing were ruled out by Judge Bernon as the alleged statements were in answer to questions asked Mr. Kaber by the officer and not of the wounded man's own unsolicited offering.

Lieutenant Miller identified the dagger with which the stabbing is alleged to have been done. He found it on the bed in Mr. Kaber's room. It was made from a file about ten inches long and still bore splashes of blood. He also identified a razor and a glove found in the home after the murder.

### BOY ACCIDENTALLY KILLS FARMER

Bloomington, Ill., July 7.—Edward Kirkendall, a prominent farmer near Dwight in Livingston county was shot and killed this afternoon by a boy who was using a rifle in shooting blackbirds on his farm. Mr. Kirkendall was working near the barn and Wayne Martin, aged 12, was firing his rifle in a nearby field when a stray shot hit Mr. Kirkendall. He died a half hour later. The coroner's jury exonerated the boy.

### In SOUTHERN ILLINOIS

Mr. and Mrs. Otto Spiehl and daughter are making a few days' trip into southern Illinois. They will visit Mr. Spiehl's brothers in Olney and Centralia.

### Decrease Is Still Shown In Employment

WASHINGTON, July 7.—A decrease in employment of 2.9 percent during June, as compared with May is indicated by a survey made by the department of labor of reports from 1,428 firms employing normally 1,600,000 persons.

The decrease since January in these estimated, situated in 65 principal industrial centers has been 6.2 percent said a statement issued today. All industries reported decreased employment except those engaged in the manufacture of food products, textiles, leather, liquors and beverages, stone, clay, glass and tobacco.

"Detailed examination of the present relations indicates clearly the fundamental causes of the protected industrial depression and the mounting tide of unemployment," the statement declared.

"Continued unsatisfactory conditions of transportation with freight rates in many cases considered almost prohibitive, lack of anything like a normal foreign market, the present low value of farm products, stagnation in iron and steel, high cost of construction and the general dullness of the retail trade stand out prominently as leading factors in the situation."

The only resumption of building operations noted has been on a restricted scale the statement said.

### HOUSE STANDS PAT ON ITS REJECTION OF AMENDMENTS

Heated Debate Develops Over Item for Airplane Carrier  
Thursday

(By The Associated Press)  
WASHINGTON, July 7.—The house refused again today to agree to senate amendments to the naval appropriation bill authorizing the acceptance of a tract of land at Sand Point, Washington, as a site for a naval aviation base and appropriating eight hundred thousand dollars towards development of such a base.

Previously the house had rejected all the amendments, but the senate insisting they be agreed to, sent the bill back for another vote on the provisions. The house also stood firm in its opposition to the senate amendment authorizing the construction of two airplane carriers, voting 141 to 4 to further insist upon its agreement to the item.

**Heated Debate Develops**  
Heated debate developed over the amendment, Representative Mann, Republican, Illinois, declaring he would rather have one airplane carrier in the navy than ten battleships, while Representative Mondell the Republican leader, and Chairman Butler of the naval affairs committee contended that authorization for a carrier should not be carried in an appropriation bill.

"If I had my way," declared Mr. Mann, "I would stop work on big battleships. If we don't develop aviation we'll regret it."

Mr. Butler held it as not an opportunity to start work on a new warship.

"I won't vote for any measure," he declared, "that has in it the Borch (disarmament) amendment and authority also for the construction of a new fighting craft."

### DESIRABLE MEN LEAVING ARMY.

Washington, July 7.—Preliminary reports from army commands were said at the war department today to indicate that the most desirable classes of enlisted men were applying for discharge under Secretary Weeks' order issued to cut down the force.

### AWARDED FIVE CENT DAMAGES.

Dallas, Tex., July 7.—A damage suit for five cents and costs was settled in court today when the Dallas Railway company, without a contest paid the nickel and \$1.50 costs.

### STORM STOPS TRACTION SERVICE.

Edwardsville, Ill., July 7.—Traffic of the Illinois Traction Line was interrupted for a short time this afternoon by water which gathered at a street intersection during a heavy rain and electrical storm. Lightning slightly damaged the court house.

"Industry generally is optimistic," the survey continued, and the tendency is to court improvement by fall and a healthy, though not spectacular business revival by the spring of 1922."

Pecunia, Ill., showed the heaviest decrease among industrial centers with a drop of 36.3 percent. San Francisco was second with 25 percent.

Among twenty-six cities representing increased employment, Atlanta, Ga., was first with 16.7 percent, Sioux City, Iowa, second with 16 percent and Toledo third, with 15.6 percent.

There has been no great change in the industrial situation of the north-central district the summary said, "and none is expected until construction costs and railway rates are materially reduced."

The early wheat harvest has operated to relieve the situation in the west north-central the report says, but the manufacturing has decreased in many lines and building is quiet. Slight improvement was noted in the South Atlantic states with lumber and fibre mills increasing their forces.

In Tennessee and Kentucky the coal industry continues inactive with about 6,000 miners unemployed while many factories "are operating on reduced schedules."

### THUNDERSTORM BRINGS RELIEF FROM HEAT WAVE

Chicago Temperature Drops to 71 Degrees  
Thursday

(By The Associated Press)  
CHICAGO, July 7.—A sudden thunderstorm late today caused a drop of 15 degrees in temperature within ten minutes ending the most protracted heat wave in the city's history. At eight o'clock tonight the mercury had declined to 71 from the day's maximum of 95 degrees. The present period of excessive heat accompanied by high humidity began in the middle of June. Since June 15, the thermometer has never, until tonight, registered less than 78 degrees.

The excessive heat in temperature during this period totalled more than 2,000 degrees.

The last few days have been the most severe, eleven deaths and scores of prostrations being attributed to the heat during the past 24 hours.

**Parks Are Thrown Open.**  
Last night for the first time the parks were thrown open to thousands of people seeking relief from the residents of congested districts, slept beneath the trees or on the shore of the lake. Several pig concerns dismissed their employees early today declaring it was too hot for them to work.

The thundershower which brought relief came suddenly as thousands of workers were hurrying from their homes and threw a pall of darkness over the city. Nearly two inches of rain fell in less than an hour, the wind prostrating electric feed and telephone wires.

Traffic was obstructed in several neighborhoods by trees which had been blown down.

### SHOE DEALERS ELECT OFFICERS

Chicago, July 7.—Members of the Illinois Shoe Retailers association at the close of their convention today voted opposition to the proposed 15 per cent import duty on hide. S. E. Murray of Clinton, was elected president, Rudolph Huber, Peoria, vice president and William Ackerman, Springfield, secretary-treasurer.

### MANY WEAR WHITE UNIFORMS

Washington, July 7.—Army officers at the tropics and at southern posts may wear white uniforms off duty under orders approved by Secretary Weeks. The order annuls wartime restrictions against white uniforms but does not restore other pre-war outfits such as full dress.

### HITCHCOCK FILES BANKRUPTCY PETITION

New York, July 7.—Raymond Hitchcock, actor, filed a voluntary petition in bankruptcy today in federal court. His only listed assets were \$150 and clothing on which he claimed exemption. He gave his liabilities at \$5,944 and named three creditors.

### HOPE STILL RUNS HIGH FOR IRISH PEACE MOVEMENT

Activity of General Smuts Gives People Hope of Success

(By The Associated Press)  
LONDON, July 7.—The Irish peace movement on the surface seems to have made no progress today, but hopes remain high, mainly because General Smuts, premier of South Africa, is taking such an active part in the negotiations with an evident purpose to translate into practical politics the king's message and exhortations for forbearance at the opening of the Ulster parliament.

The king's evident and serious interest in bringing about peace is also a strong factor. His proffer of Buckingham Palace for the meetings of the proposed conference points in the direction of a repetition of the peace effort of 1914, when the home rule conference assembled in the palace, under the chairmanship of the Right Rev. Hon. James William Lowther, then speaker of the house.

**Believe in Smuts.**  
It is believed that if any independent chairman were appointed to the conference now contemplated, especially General Smuts, who is trusted by the Irish people there would be a far greater chance of Mr. DeValera accepting the conference. It is probable that nothing will develop definitely pending tomorrow's Dublin conference between the Irish Republican leader and the Southern Unionists. General Smuts will not attend this conference.

According to latest information Mr. DeValera is maintaining the Republican claim but is willing to give the Irish people a full opportunity to decide upon any serious proposition.

Close observers of the situation surrounding the tentative peace negotiations expressed the view today that something of a "jockeying for a position" was in progress between Ulster and the Sinn Fein with considerable importance attached by the parties involved to what would appear superficially to be minor points.

### Meeting Place Important.

For instance, whether Sir James Craig should meet Eamon DeValera in Dublin or the Republican leader meet the Ulster premier in London would seem to make little difference, but it is pointed out that the question of the place for holding of the meeting would really determine the first move in negotiations ultimately brought about between the two Irish parties.

Mr. DeValera's invitation to the Ulster premier was so worded that the latter considered its acceptance impossible without modification, for should Sir James go to Dublin his act, it is held by the Ulsterites, would inevitably appear to concede the Sinn Fein point that Sir James represented only a minority. Instead of a separate, independent entity, and the other hand should Mr. DeValera come to London, it is argued by the Southerners he would appear to be conceding a point he is not anxious to concede, namely that Sir James does not represent a separate entity and that both had come to London as equals under the Union Jack.

As it is felt neither leader is prepared to go farther than his following would support him the choice of this initial place of meeting is conceded to represent acute difficulties.

### WILL INVESTIGATE MINE DISORDERS

Washington, July 7.—Chairman Kenyon of the senate educational and labor committee today announced that investigation of West Virginia-Kentucky mine disorders would begin here July 14. Twelve witnesses, chosen equally from the miners and operators, will be heard.

### WEATHER REPORT

Illinois—Generally fair Friday and probably Saturday, continued warm.

The current, maximum and minimum temperatures as recorded Thursday were:  
Jacksonville, Ill., 73 94 68  
Boston 76 99 68  
Buffalo 76 86 60  
New York 82 86 70  
Jacksonville, Fla., 80 86 74  
New Orleans 76 90 78  
Chicago 71 95 80  
Detroit 86 92 76  
Omaha 82 88 70  
Minneapolis 72 82 70  
Helen 90 82 68  
San Francisco 79 90 64  
Winnipeg 80 84 62  
Cincinnati 92 96 72

### PERMANENT TARIFF TAKES TOP PLACE ON HOUSE CALENDAR

Will Not Be Displaced Until the Final Vote

July 21—It is Understood That the Democrats Will Stand as a Unit Against the Bill—Also Present Minority Statement

(By The Associated Press)  
WASHINGTON, July 7.—The permanent tariff bill as drawn by Republican members of the house ways and means committee took top place on the house calendar today not to be displaced by other legislation until voted on July 21. There was no ceremony in beginning consideration of the measure and the day was devoted to having it read paragraph by paragraph.

Immediately upon adjournment Democratic members held a conference at which it was said, with "half a dozen exceptions," it was agreed that the party should stand as a unit against the bill. Some members, it was added, declined to be bound by instructions but leaders predicted the final vote would show most Democrats in line.

A resolution was adopted at the conference declaring that the measure violated all principles and traditions of the Democratic party and reaffirming the party's stand against a high protective tariff.

Before general debate begins tomorrow the reading will be concluded and a rule adopted shutting off all but a few general amendments and such others as may be offered by the committee.

### Democratic Minority Statement.

Outstanding in the first day's work on the bill was the presentation of a minority statement by Democratic members of the ways and means committee who charged that the Republican tariff program would be a destruction of the nation's foreign trade, bringing new hardships on the tax paying public thru the system of American valuation of imports and establish rates higher than heretofore ever written.

The majority report and a dissenting statement by Representative Fear of Wisconsin, had been laid before the members. The three sets of opinions given the house are expected to cause arguments.

The Democrats in their report, described the bill as the most "irredeemably and universally vicious" ever submitted to the law-making body. They declared it to be a conspiracy to benefit a few favorites at the expense of all humanity, and added that its adoption would mean an economic boycott against the world.

### LEGION'S CRITICISM IS ENDORSED BY VETS

**Foreign War Men Offer Assistance in Prosecution of Alleged Murderer—Also Take Shot at Judge Smith.**  
SPRINGFIELD, Ill., July 7.—The American Legion's criticism of Sangamon county officials for alleged laxity in the prosecution of Nicholas Crudden, slayer of Louis Gamondus, a former soldier, was endorsed by Springfield members of the Veterans of Foreign Wars in a resolution made public today.

Declaring that Crudden, who obtained his freedom under \$10,000 bond following the shooting at Crudden's saloon June 23, has a long record as a law-breaker and considers himself immune from prosecution, the veterans went on record as being "ready and willing to assist the American Legion and all other organizations in their effort to secure special counsel and a special session of the grand jury in order to bring Crudden to justice before he has time to intimidate or terrorize witnesses."

Judge E. S. Smith of the Sangamon county circuit court who upbraided the legion for interfering in the case was condemned by the Veterans of Foreign Wars. His statements, the resolution said, has "disqualified the court from hearing the case and such actions by the court were unprofessional, unethical and tend to bring the courts of justice into disrepute and contempt and to tarnish the good name and fame of our judicial system."

### RAIN EXTINGUISHES FOREST FIRES

Bellaire, Mich., July 7.—A heavy rainfall late today extinguished a fire that had destroyed the business district of this village and was threatening the homes of the town. Property damage was estimated in the neighborhood of three hundred thousand dollars. The fire was caused, it was believed by crossed high tension wires.

### GOVERNOR REFUSES LOPEZ COMMUTATION

**Denies Plea of Attorney to Make Sentence Life Imprisonment—Will Hang in Chicago Today**

SPRINGFIELD, Ill., July 7.—Gov. Small today denied commutation or further reprieve to Antonio Lopez, sentenced to hang tomorrow for the murder of Antonio Varchetta in Chicago in May, 1920. The denial was made upon a unanimous recommendation of the division of pardons and paroles.

Lopez asked for commutation of his sentence to life imprisonment. He was saved from the gallows April 15, when Gov. Small granted a reprieve to May 13. Again on May 11 the governor granted a reprieve to July 8 to give the division of pardons and paroles further time in which to investigate new claims of Lopez's innocence by his attorney, State Senator James J. Barbour.

Two of Lopez's associates in the Varchetta killing—Joe Costanzo and Sam Ferrera—were hanged April 15. They went to the gallows with Sam Cardinella, leader of a gang of Chicago gunmen. The Lopez case was carried to the supreme court separately from the cases of the other convicted murderers. The fight to save the life was made on the claim that he was a victim of circumstances who dropped into the bakery where Varchetta was shot and was an innocent witness to the killing.

The tariff is a great and dry theme and the weather is exceedingly hot in Washington. Perhaps this very fact of uncomfortable weather conditions will help in the solving of the problem. At any rate the conditions are likely to shorten up the debate on the tariff and other important matters and probably the results will be just as satisfactory.

## OCEAN TO OCEAN HIGHWAY IMPORTANT TO CITY

Jacksonville people will do well to help along with any reorganization movement on the Ocean to Ocean highway. The present proposition purposes to increase the popularity of the trail and so route

a larger number of automobile travelers thru Jacksonville. As it is now, the highway brings hundreds upon hundreds of visitors to the city each year and there is a corresponding amount of business which would otherwise go to some other city.

It is indeed important for Jacksonville to retain its connection with this great cross continent highway.

## THE TROUBLES OF THE STREET RAILWAYS

The situation in Des Moines gives point to the difficulties in which street railway companies find themselves. The company there is losing money so rapidly that the receivers may recommend the entire discontinuance of service. It is the old story of the development of the automobile and auto bus putting the fixed rail lines at a great disadvantage. People who have money invested in street railway properties are not subjects for congratulation.

## COOLER WEATHER AS A PRAYER THEME

"Do you think God is listening," said a little Jacksonville girl at the evening prayer time. When assured by her mother that the ear of Heaven is always open, she continued: "Well I am going to pray for cooler weather."

This child probably hadn't felt the need of a change any more than the average adult, but she had a different way of approaching the subject. Some people pray about hot weather, others swear about it, and a lowering of the temperature, at least for a few days, would be a mighty relief to old and young.

The only comfort people hereabout have had recently has been in the weather reports showing the heat just as extreme in the northern summer resorts.

## YOUNG WORKERS NEED HEALTH PROTECTION

Children who go to work have been advised by the U. S. Department of Labor that they need special protection if they are to reach manhood and womanhood with good health and well-developed bodies. The United States Department of Labor has the Children's Bureau, which has issued a report called "Physical Standards for Working Children" in which a committee of eleven physicians appointed by the Children's Bureau explain how the health of children at work may be protected.

An effective means of protection lies in the adoption of physical standards which all children entering industry are required by law to meet. Eleven states now have a law requiring children to be examined before going to work. These states are: Alabama, Arizona, California, Connecticut, Delaware, Illinois, Iowa, Kentucky, Maryland, Massachusetts, Minnesota, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island and West Virginia.

The most comprehensive of these laws requires a child shall be of normal development for his age, in sound health and physically fit for the occupation which he is about to enter. But unless examining physicians have definite standards by which to test development and sound health, underdeveloped and physically defective children are likely to go to work early to their own serious disadvantage, in spite of excellent laws intended for their protection. The committee, therefore, has undertaken to define what constitutes normal development and sound health for children applying for working papers.

## GETTING DOWN TO BUSINESS

If all the money owed the United States treasury by foreign governments were to be paid, about 42 per cent of our entire national debt would be wiped out and the amount of revenue required to be raised from internal taxation could be cut in half. The total foreign debt is \$10,140,000,000, all but about \$700,000,000 of which represents money loaned direct from our treasury. The balance represents sales on credit of surplus war supplies, American relief administration, and obligations under the Grain Corporation. These miscellaneous debts are evidenced in a variety of ways. Certificates of indebtedness of different rates of interest, maturity dates, and terms of payment are held in the treasury, all bearing the signatures of individuals representing the governments receiving the money or supplies.

The former administration made no move to reduce those promises to pay to the form of bonds of the debtor countries, nor to make more certain in any other way their ultimate liquidation. President Harding has been impressed with the importance of securing the debt in some more substantial form than at present, and with that end in view he has had Secretary of the Treasury Mellon prepare a bill, which Senator Penrose has introduced in the senate, giving the secretary, with the approval of the president, authority in dealing with all the different classes of debts.

The measure gives very wide latitude to the executive, and it is certain to receive the most careful scrutiny by both houses of congress before it is passed. It may be that limitations will be thrown about such an exercise of executive power, but it is probable the bill will be promptly passed after it has been suitably amended. Under it the secretary will proceed to fund all classes of the foreign obligations into bonds with very definite provisions as to their rates of interest, maturity, dates, and conditions of payment. Not only will the taxpayer know when receipts from abroad may be expected to lower his tax bill, but the officials of the government can lay their financial plans over a period of years, with a certainty as to the outcome.

The reform will be quite in line with other changes that are taking place in the financial affairs of the government, all tending to bring national receipts and expenditures into a proper relation to each other.

Dollar Wash ties 50c today. FRANK BYRNS Hat Store.

## MATRIMONIAL

**Buchanan-Berry**  
 Fred Buchanan, who has been a resident of the state of Louisiana, and Miss Irma Berry of Bluffs were married in Hannibal Wednesday. They arrived in the city yesterday and expect to reside here.

**Dabbs-Johnson.**  
 Lloy Johnson and Miss Mary Johnson, both of Franklin, were united in marriage Thursday afternoon at 4:15 o'clock by Justice A. B. Opperman at his office in West State street. The ceremony was witnessed by Edward Johnson, father of the bride and Jane Samples. The groom is a farmer and they will reside on a farm near Franklin.

**WANTED**  
 Girls for wrapping butter. SWIFT & CO.

**PROBATE COURT**  
 In the estate of Anna G. De Motte, the will was admitted to probate and letters testamentary ordered to issue to Amelia De Motte. The inventory was approved.

In the conservatorship of Alexander Mason, inventory was approved.

In the estate of Lucy A. Miller, the inventory was approved and the petition to omit appraisement allowed.

## DR. BLACK IS CHOSEN FORUM CHAIRMAN

Action Taken by Chamber of Commerce Directors' Last Night. Will Call Meeting to Discuss Ocean to Ocean Highway Project.

Directors of the Chamber of Commerce held a regular meeting Thursday night at the Cloverleaf building on East State street, with President R. Y. Rowe presiding. It is the expectation that the next regular session can be held at the new quarters in the Myers Bros. building.

Mr. Henley, who has been serving as secretary until the arrival of Secretary Welsh, presented various subjects for consideration. It is now expected that Secretary Welsh will arrive in Jacksonville Saturday afternoon. If this is the case he will have conferences with Mr. Henley in the afternoon and evening, and then the work of Mr. Henley will have been concluded.

The directors elected Dr. Carl E. Black as chairman of the forum. The matter of selecting a forum chairman had been under consideration for a number of weeks, as it is the experience of the American City Bureau that a great deal depends upon having the right person for this particular post. The forum is to have stated meetings, probably twice a month, when subjects of general public interest will be discussed.

Through the forum the members of the chamber of commerce have the opportunity of bringing to attention any matters that they think of importance. It is possible through the forum to initiate activities for the chamber of commerce. Dr. Black will undertake the work and a number of members will be chosen on a committee to assist him.

John M. Walsh, district manager of the Pike's Peak Ocean to Ocean highway, was present and explained the reorganization work which is now in progress. The directors were greatly interested in Mr. Walsh's statements because it is realized that it is a matter of great advantage for Jacksonville to be located on this highway. Tourists continually pass through the city on that account and it is expected that after the reorganization plans are completed that the number of such tourists will be greatly increased.

Mr. Williams of Decatur, representing a company which manufactures a patented machine for increasing the efficiency of coal explained his project to the directors. The company has an extensive plant in Decatur and is seeking to locate plants in other cities where the article may be manufactured and sold on a royalty basis. Through the use of the coal burning equipment it is claimed that consumption is reduced and the efficiency of coal is increased by several hundred per cent, and that great economies are thus possible.

Several other matters of interest were discussed before the directors adjourned.

## ANTI-SALOON LEAGUE SEPT. IN STATEMENT

In the Chicago Herald of recent date Scott McBride, superintendent of the Illinois Anti-Saloon League, endorses the views of Governor Small that prohibition enforcement is a duty laid upon local authorities throughout the state. The Herald article said: "Mr. McBride expressed regret that Governor Small had found it necessary to veto the \$149,000 appropriation set aside for prohibition enforcement through the office of Attorney General Brundage, but took no other part in the controversy between the Governor and the attorney general."

Following criticism by Attorney General Brundage of Governor Small's veto of this special fund, the Governor had retorted that the new law, which became effective Friday, specifically charges state's attorneys, sheriffs and the police force of municipalities to execute the law. "During the last two years some local officials have hidden behind the fact that a special appropriation was made to the attorney general to enforce prohibition laws," said Mr. McBride. "They have said it is up to him to do it. They can say that no longer."

"The thought of a prohibition commissioner or an agency within the attorney general's office never was that there should be a super law enforcement agency that in any way would relieve the state, county or city officials from performing their duty. Now there need be no question as to its being a duty of the local officials and all officials to enforce this law. They can no longer pass the buck to another official."

Seventy five cent wash ties 38c today. FRANK BYRNS Hat Store.

**HAVE RETURNED HOME**  
 Mr. and Mrs. Oliver M. Camps who have been visiting their parents Mr. and Mrs. C. C. Camps on Park street have returned to their home in Hammond, Ind. They are making the trip in their Chevrolet car.

**For what SHANKEN is going to do about it see page 8.**

**CARD OF THANKS**  
 We wish to thank our neighbors and friends for the kindness shown us during the illness and death of our mother, also for the many beautiful flowers. Josephine Sweeney, Brother and Sister.

## SEARCY SEEKS TO DEFEND BRUNDAGE

Representative Issues Lengthy Statement in Answer to Governor Small.

Springfield, July 7. — Rep. E. B. Searcy of the 15th district today issued a reply to Gov. Small's statement concerning the office of Attorney General Brundage and looking off of appropriations asked. The statement, which is about 1,000 words in length, charges that the action of the governor with reference to the attorney general's office was unfair and that the appropriations were cut off not for the purpose of economy but in order to embarrass the work of the attorney general.

Further, Representative Searcy charges that the governor has been really sincere in his desire to reduce the appropriations that he would have not sanctioned the creating of various new offices which are to be occupied by his friends. Further, Representative Searcy makes complaint because the omnibus bill was not brought before the legislature until such a late time that the members could not secure an understanding of all its provisions.

He declares that the whole system of including many special appropriations under the omnibus bill is unfair. He says that there are various appropriations therein to which he was opposed but he could not vote against them without embarrassing the state for the next biennial period because of a lack of funds.

## Deaths

## Ringman.

James H. Ringman, a life long resident of Morgan county, passed away at his residence, 669 East State street, at 5 p. m. Thursday, following an illness extending over a period of two years. A more extended announcement and notice of funeral arrangements, will appear later.

## Abell

The remains of Edward Abell were expected to arrive in the city last evening. The funeral will be held this morning at 10 o'clock from Gillham's undertaking parlors. The deceased is survived by his parents, Mr. and Mrs. Jacob Abell, his wife and one son, five sisters and two brothers. The funeral services will be in charge of Rev. Howell, pastor of the Baptist church. Interment will be made in Diamond Grove cemetery.

## Dunn

Mrs. Ellen Dunn died yesterday morning at 5:45 at Our Savior's hospital following an illness of about five weeks. Mrs. Dunn was a life-long resident of Jacksonville and was 75 years of age at the time of her death. She resided at the home of her daughter, Mrs. George Sellers, 408 East Lafayette avenue. She was a member of Our Savior's church and had many friends in the city. The remains were taken to the undertaking parlors of John H. O'Donnell and prepared for burial. Funeral services will be held at Our Savior's church at 8:30 Saturday morning.

Mrs. Dunn was preceded in death by her husband, five years ago. She is survived by five children: John Dunn, Mrs. William Hauser, and Mrs. George Sellers of Jacksonville; W. M. Dunn of Ocala, Okla., and Mrs. Tony Walters, Burlington, Iowa.

## Kennedy

The death of Frank P. Kennedy occurred at 11:30 Wednesday at St. John's hospital in Springfield, following an extended illness. The deceased, who was seventy years of age, was a brother of Mrs. Minnie Campbell, Mrs. Mary Kennedy and Anthony Kennedy of this city. He had been a resident of Springfield for some years and was held in high esteem by his friends there.

Mr. Kennedy is survived by his wife, Mrs. Hanna Walsh Kennedy, and five children: Mrs. T. J. Connelly of Spokane, Wash.; Mrs. Hannah Kennedy of Springfield; Mrs. H. C. Spangler of Cedar Rapids, Iowa; Frank P. Kennedy Jr. and J. W. Kennedy of Chicago. There are also seven grandchildren and in addition to the sister and brother resident here a sister, Mrs. Ellen Finnegan of Chicago and a brother, William Kennedy, of Granite City, Mo.

The funeral services will be held at 9 o'clock this morning at the residence in Springfield, followed by service at 9:30 o'clock at the Church of the Immaculate Conception, with Rev. Father Mackey officiating. Interment will be in Calvary cemetery.

## BAPTISTS ISSUE CALL TO REV. A. P. HOWELLS

Has Been Serving as Acting Pastor for Last Three Months — Has Recently Been in West.

At the quarterly business meeting of the First Baptist church held Wednesday evening, the members voted unanimously to call the Rev. A. P. Howells to become their pastor. Mr. Howells has served as acting pastor for the past three months and has proved highly acceptable to the congregation, large audiences turning out to hear his sermons.

After graduating from Shurtleff college, Mr. Howells held pastorates at a number of places, including Bloomington, Indiana; St. Louis, Mo.; Centralia, Ill., and other Illinois cities. Before coming here, he had been supplying Baptist pulpits in Los Angeles, Calif.; Douglas, Ariz.; and other western places. His wife and son are now residing in California. The son, Arthur L. Howells, is a junior at the University of Redlands.

Members of the local church are hoping that Mr. Howells will find it possible to accept the call which they have extended.

At the same meeting, the church voted to join for the remainder of the summer in the union preaching services which are being conducted each Sunday evening on the lawn of Grace M. E. church.

**For what SHANKEN is going to do about it see page 8.**

## SOME WHEAT

A. M. Masters has 600 acres of wheat this year on his various farms and has just finished threshing the crop of 170 acres near the Catholic church at Murrayville. It weighed from 59 to 61 pounds to the bushel, graded as number one and the yield was 33 bushels, 5 pounds to the acre.

Mr. Masters has his own threshing outfit and is wholly independent in that respect. Part of the land was corn stubble and part oats stubble. He has for a partner in the Murrayville tract Vernon Baker, a first class farmer who carefully broke the ground for the crop, pulverized it thoroughly and drilled the wheat which was of the Turkey Red variety.

Mr. Masters has also some oats but says the yield will be poor as the young shoots were badly injured by the frost.

**To Lend — Special; we have for immediate loan \$300, \$700 and \$750. The Johnston Agency.**

WINCHESTER RESIDENT WAS LAID TO REST  
Funeral of Miss Elizabeth Hawk Held Thursday Afternoon at Christian Church — Other Winchester News.

Winchester, July 7. — The funeral of the late Miss Elizabeth Hawk was held at 3 o'clock at the Christian church Thursday afternoon. Rev. Elmore having charge of the service. Music was furnished by a quartet including Mrs. W. H. Kinison, Mrs. Ada Lankford, George Owings and E. J. Markille, with Miss Ethel McClure as accompanist.

The deceased was widely known throughout Scott county and the church was completely filled with relatives and friends. There were many beautiful flowers and these were in charge of Mrs. Maude Day, Mrs. Nina Hudson, Misses Edna Dobson and Bessie Hawk.

Interment was made in Winchester cemetery, and the pallbearers were Charles Wilmot, Warren Sweet, Ves Wetser, John Young, William Evans and Blufford McClure.

Among those here to attend the funeral were Lincoln Hawk and family, Miss Hattie Walton and Judge Hawk of Roodhouse; Harry Hawk, Fred Hawk and family and George Hawk, a son of Beards-town; Robert Hawk and wife of Jacksonville; George Dorson and daughter Edna of Burnsides.

Frank Gilman, manager of the Buick garage, has returned to Winchester after an illness of several weeks at his home in White Hall.

Mr. and Mrs. Earl Farrington and son arrived Thursday morning from Cedar Rapids, Iowa, to visit his mother.

Little Edward Leach Jr. found a paper balloon Thursday containing a ticket to the K. P. theatre at Pittsfield.

Earl Lashmet of Chicago is here for a visit with his mother and sister.

The time has been set for the annual bazaar and picnic of the Methodist church, which will be held on August 11.

Circuit court was in session Thursday, Judge Jones being here to make orders in a number of chancery cases. In the case of Raphael Stone, charged with assault upon Claude Griffith of Roodhouse, the penalty was fixed at \$50 and costs.

The ladies of the bridge whist club, their husbands and friends, enjoyed a picnic at the pleasant country home of Mr. and Mrs. James Edmonson northwest of town Thursday evening. A delicious menu was served by the club and later several hours were spent playing cards. It was in every way a delightful social event.

## INDEES WILL MEET VIRDEN TEAM SUNDAY

Visitors Are Old Time Rivals of Local Tossers — Will Bring Several Automobiles Filled With Fans for the Contest.

Virden's fast Merchants team will be here Sunday for a game with the Indees. This team has for many years been a strong rival of the local team and good fast game is looked for.

The Indees are going a little better now and the men seem to be getting their eye on the ball. They will fight hard to win this game and then will try to keep the slate clean for the remainder of the season.

Manager Smith has issued a call for practice at the park this afternoon at 5:30 o'clock. All players are requested to be on hand promptly at that hour.

The lineup of the teams will appear later.

**MERCHANTS WIN FROM BAPTISTS.**

The Merchants defeated the Baptists in a Twilight league game at State hospital diamond Thursday afternoon. The final score was 6 to 4 in favor of the Merchants. The teams lined up as follows:

Baptists—Simms ss, Hunter 1b, Woods cf, R. Zell lf, Beard rf, Gantz c, Lewis p, Reeve 3b, Henderson 1b.

Merchants — Dofason ss, J. Zell 2b, Linn c, Shibe 1b, Summers ss, Curtiss 3b, Williams rf, Smith cf, Flynn p.

By innings:  
Merchants 2 1 3 0 0—6 8 2  
Baptists . . 0 0 1 1 2—4 5 2

**SPRAINS ANKLE**

Mrs. Mae Duffy, who is an attendant at Jacksonville State hospital, had the misfortune to sprain her ankle yesterday as she was alighting from a South Main street car. The accident occurred about 1:30 o'clock at the junction of Main street and the square. In some way Mrs. Duffy's foot slipped and she fell, twisting her ankle and spraining it painfully.

## ALEXANDER SOCIETY MEETS THURSDAY

The Missionary Society of M. E. Church Entertained by Mrs. C. A. Moss — Standard Bearers Organized—Other News.

Alexander, July 7.—The Missionary society of the M. E. church met Thursday afternoon at the home of Mrs. C. A. Moss, with Mrs. Noel Wiley as assistant hostess. The unfavorable weather interfered to some extent with the attendance and the program was therefore not carried out as originally planned. An excellent leaflet was read by Miss Lizzie Snyder, and there was some informal discussion.

Later came a social hour and the serving of delicious refreshments by the hostesses.

**Standard Bearers Organized.**  
Mrs. W. H. Naylor of Jacksonville was in Alexander Wednesday to organize the younger girls of the Methodist church into the "Standard Bearers Company."

This organization plans to meet once each month to study various phases of missionary work. There will also be a social hour at each

meeting. The next meeting will be held on the first Monday in August.

**News Notes**  
Mrs. Clifford Corrington of Jacksonville is here for a visit with relatives.

Miss Anne Hinrichsen of Springfield is in Alexander for a visit at the home of her mother, Mrs. W. H. Hinrichsen.

Miss Anna Snyder of Jacksonville is a guest at the home of her mother, Mrs. George Snyder.

**You can buy ice in any quantity at our store. Osborne's, 700 South Diamond.**

**FUNERAL NOTICES**  
The remains of Freeman DeWolf arrived in the city from Louisville, Ky., at noon Thursday and were taken to the Funeral Home of W. W. Gilham. Services will be held from the Home at 4 o'clock this afternoon with interment in Diamond Grove cemetery.

THOUSANDS IN WANT IN PUEBLO

Denver, Colo., July 7.—One thousand seven hundred families or seven thousand persons are in absolute want as a result of the flood at Pueblo, Governor Oliver H. Shoup announced today in a proclamation in which he urged the public to give more assistance to the stricken city.

R. L. Hergitt of Normal was a business caller in the city yesterday.

DUPONT ACCEPTS SENATE APPOINTMENT

Colorado Springs, Colo., July 7.—General T. Coleman DuPont announced today that he had telegraphed the governor of Delaware accepting his appointment to the senate to succeed Josiah O. Wolcott.

Miss Mary Clancy and Miss Mary Winchester were among Jacksonville young people who attended the boat excursion at Beardsdown Wednesday evening.

CHARGES MADE BY PAPER ARE TAKEN UP BY COMMITTEE

Legislative Committee of Non-Partisan League in Session

FARGO, N. D., July 7.—The state legislative committee of the National Non-Partisan League met tonight to consider published charges against members of the committee made in a special edition of the Fargo Courier-News Wednesday morning.

Mr. Liederbach, chairman, said the length of the session was problematical and that no statement would be issued until the meeting closed. Mr. Liederbach said that the committee would consider the situation that has arisen from the publication of the charges of mis-handling of campaign funds and would determine what action should be taken. The committee is expected to appoint successors to C. K. Gummerson and George A. Totten, Jr., deposed editor and manager respectively of the Courier-News.

took over paper April 1. The state committee of which A. A. Liederbach is chairman, took over the operation of the

PLAN TO EXTEND CHRISTIAN WORK IN ALL COUNTRIES

Christian Endeavorers See Great Field in Near East

(By The Associated Press) NEW YORK, July 7.—Determination of a world policy for the Christian Endeavor was begun today by the Sixth World's Christian Endeavor convention. Conference were held and plans made for extending the crusade in behalf of Christianity in all countries.

Word was received from Russia that the Greek church would welcome Christian Endeavor there. The people of Finland, Estonia, Latvia, Germany, China, Mexico, South America and India and elsewhere were also reported bidding for the help of the society. The Rev. Dr. Samuel Zwemer of Cairo, Egypt, in an address tonight urged that a great evangelistic campaign be started at once to Christianize every Mohammedan land.

"The Mohammedan world is waiting for big faith," he said. "It is a world which is disappointed, distracted, disillusioned, sorrowing, expectant, but also defiant. It is a world that is disappointed and distracted because of divided councils and unfulfilled hopes, centering on the one hand in the Khalif, and on the other in the success of Germany or the powers of Central Europe which proved a failure."

CARITAS REBEKAHS HELD INSTALLATION

Officers for Ensuing Six Months Are Inducted Into Office

Mrs. Ebrey Elected Delegate to State Assembly.

At its regular meeting Thursday evening, Caritas Rebekah lodge No. 625 installed new officers for the next six months. The retiring Noble Grand gave a detailed report of the proceedings of the lodge during her administration. Other reports were made by the secretary and treasurer. The present membership is 207.

Mrs. Pearl R. Ebrey was elected as a delegate to the Rebekah state assembly which convenes in October.

Installing officers for the ceremony Thursday night were:

Deputy Grand Master—Lynia Crabtree

Deputy Grand Warden—Edna Roberts

Deputy Grand Marshal—Lena Peipenbring

ARGUMENTS IN BRINTON CASE

Bismarck, N. D., July 7.—Arguments of attorneys in the perjury case against J. W. Brinton in district court were begun today. At conclusion of testimony today, J. J. Weeks, special prosecutor in his argument, attacked Brinton for the alleged reckless, careless, criminal way in which he testified concerning the activities of Non-Partisan League in North Dakota.

Arthur Lesieur, defense counsel, attacked A. C. Townley and William Lemke two members of the league's national executive committee with whom he formerly was associated.

GILBERT TAKES CAMPBELL'S PLACE

London, July 7.—J. B. Gilbert, it was announced today, will replace Major Cecil Campbell on the British Davis Cup team.

PLAN TO EXTEND CHRISTIAN WORK IN ALL COUNTRIES

Christian Endeavorers See Great Field in Near East

(By The Associated Press) NEW YORK, July 7.—Determination of a world policy for the Christian Endeavor was begun today by the Sixth World's Christian Endeavor convention. Conference were held and plans made for extending the crusade in behalf of Christianity in all countries.

Word was received from Russia that the Greek church would welcome Christian Endeavor there. The people of Finland, Estonia, Latvia, Germany, China, Mexico, South America and India and elsewhere were also reported bidding for the help of the society. The Rev. Dr. Samuel Zwemer of Cairo, Egypt, in an address tonight urged that a great evangelistic campaign be started at once to Christianize every Mohammedan land.

"The Mohammedan world is waiting for big faith," he said. "It is a world which is disappointed, distracted, disillusioned, sorrowing, expectant, but also defiant. It is a world that is disappointed and distracted because of divided councils and unfulfilled hopes, centering on the one hand in the Khalif, and on the other in the success of Germany or the powers of Central Europe which proved a failure."

WILL MEET IN FINALS

Buffalo, N. Y., July 7.—Mrs. Frank Godfrey of Boston and Mrs. B. C. Cole of Boston will meet in the final match for the women's national clay court championship Saturday.

Mrs. Godfrey today defeated Miss Marjorie Knox, of Buffalo, city champion, in the semi-final round, 6-0, 6-1, and Mrs. Cole won from Mrs. Leslie Hancock of West Newton, Mass., 6-3, 6-4.

Traces Work in Near East

Dr. Zwemer said thousands of Mohammedans were anxious to become Christians and were flocking to the missionary stations. He urged that new forces be sent into the Near East and other Mohammedan countries declaring there are three hundred million Mohammedans to be Christianized.

One of the features of the convention is the singing by a choir of one thousand voices. All the singing service programs are led by Homer Rodeheaver, Billy Sunday's well known song leader.

The first world convention of the junior world's Christian Endeavor opens tomorrow.

Official convention records indicated tonight that the convention was the largest religious gathering ever held in this country, sixteen thousand delegates from all sections of the world being registered.

Two of the young delegates made the entire trip by hiking. They were 24 days on the road and claimed to have spent but 58 cents.

Two cities have entered the race for the site of the 1925 convention. They are Portland, Oregon, and Des Moines, Iowa.

BELIEVE WHOLESOME ROBBERS IN CUSTODY

Chicago, July 7.—The police announced tonight that they had arrested six men and two women who are believed to have held up the Lincoln Tavern a month ago and robbed 40 persons and raided several fur stores.

Furs valued at \$5,000 have been recovered from the gang the police said. Three of the men and the two women were arrested while riding in a stolen automobile. Several persons have identified the entire gang or members of it as those who held them up. More than \$18,000 was taken in the tavern robbery.

POMERENE INTRODUCES HIS RESOLUTION

Washington, July 7.—Senator Pomerene, Democrat, Ohio, reintroduced today as a separate resolution his naval disarmament plan which he offered as an amendment to the naval appropriation bill. It would authorize the president to suspend American naval construction for six months while negotiating for a disarmament agreement. The measure was referred to the naval committee.

STEAMER STRIKES MINE AND SINKS

Washington, July 7.—The shipping board Steamer Mopang struck a mine while entering Bergis Harbor in the Black Sea July 5 and sank in five minutes, according to reports to the board today. There was no loss of life.

**LORAIN OVEN HEAT REGULATOR**

Also is Most Successful for Canning-Broiling-Toasting And for complete Meal Cooking

**Canning—"The Lorain Way"**

Blanch vegetables in boiling water from five to ten minutes according to freshness of vegetables. Plunge in cold water. Do not allow to stand in cold water. Sterilize jars, tops and rubbers in boiling water. Pack cans full of vegetables, add one teaspoonful of salt to each quart. Fill with boiling water, set on tops lightly (or raise first wire over top).

Place in oven at 250 degrees for three hours. Remove can and seal tightly. Test for seal by standing inverted over night.

Peas, beans, asparagus and other like vegetables can be canned by this easy and simple method.

Fruits can be preserved by this same way, using the accepted methods such as use of syrups, etc., for sweetening.

In other words, employ your familiar methods, but using the oven and cold water packing as outlined above.

Call for Demonstration and Booklet

## PRETTY WEDDING AT MANCHESTER HOME

Miss Georgia Hostetter becomes  
Bride of Nelson Johnson of  
Moline — Other News Notes  
from Manchester

Manchester, July 7. — The home of Rev. and Mrs. W. A. Hostetter was the scene of a very pretty wedding Wednesday evening at 8 o'clock, when their daughter, Miss Georgia Hostetter, became the bride of Nelson Johnson of Moline. The ceremony was performed by Rev. Mr. Hostetter, pastor of the Methodist

church here, and the impressive ring service was used.

The young people were attended by Miss Lorene Dougherty of Moline and Henry Hostetter, brother of the bride. As the wedding music from Lohengrin was played by Miss Louise Pearce the wedding party descended the stairway. The bride and groom stood beneath a beautiful floral arch as the words were spoken which united them in wedlock.

The bride was attired in a charmingly simple frock of white organdie and carried a bouquet of white roses. The bridesmaid also wore white and carried roses.

Following the extending of

congratulations and good wishes an elaborate wedding supper was served. Mr. and Mrs. Johnson left Thursday morning for a wedding trip to Chicago and Elgin and later will go to Moline, where they will establish their home.

The bride is a daughter of Rev. and Mrs. W. A. Hostetter and while her home has not been at Manchester, she is well and favorably known here. She has held a position as stenographer with a firm in Moline for some time past and is a young woman of unusual ability and charm.

The groom is a well known resident of Moline and belongs to one of the prominent families there. He holds a position in the state arsenal there and is known among his acquaintances as a young man of fine character. Both he and his bride have many friends to unite in wishing them a happy wedded life.

Among those in attendance at the wedding were Mr. and Mrs. Henry Hostetter and two children, Donald and Mary Virginia; of Curran; Mrs. Johnson of Elgin; Miss Lorene Dougherty of Moline; Mrs. Wellings and two sons, Hamlin and David of Worthington, Ohio; Mrs. Nellie Standard of Macomb; Misses Anna Greenwalt and Louise Pearce; Mrs. R. H. Rousey, daughter Pearl and son Roy, and E. L. Mahe, all of Manchester.

**News Notes**  
Mrs. J. H. Rimbey of Jacksonville arrived Thursday for a visit with her mother, Mrs. Mary Pope.

Mrs. William A. Bartlett of Staunton is a guest at the home of Henry Heaton and family.

Mrs. Mada Andrus and Mrs. William Arnold visited friends in Jacksonville, Thursday.

**WILBUR CHAPTER

## BLUFFS ALL WOMAN JURY SOON REACHED VERDICT

The Jury in Albright-Bailey Suit Reached Verdict in Four Minutes—Other Items from Bluffs

Bluffs, July 7. — The all-woman jury that decided the case in favor of defendant Wm. Bailey in the Albright-Bailey lawsuit in town Wednesday was out just four minutes when the verdict of not guilty was handed to the court.

The second suit with William Bailey as complainant and Mrs. Albright defendant was decided after four hours. The finding of Mrs. Albright guilty leaves the verdict in both cases practically the same. The other suits involving other members of the families to be held Thursday were withdrawn by complainants.

**News Notes**  
Mrs. J. C. Lewis was a business visitor in Merceda Wednesday.

M. S. Harry Gelsendorfer has returned from Pittsfield where she has been visiting her parents.

Mrs. Charley Daniels of Quincy is the guest of her daughter, Mrs. Ed Albright.

Mrs. Clark Taylor and little daughter Eleanor have returned from Winchester where they have been guests of relatives for the past two weeks.

P. C. Funk of Winchester was a business visitor in town Wednesday.

The ladies of the Methodist Episcopal church will hold a country kitchen at the postoffice in town Saturday.

The ladies of the Foreign and Home Mission societies held a very interesting meeting at the Methodist Protestant church Wednesday.

Mrs. A. E. Lawrence and children have returned from Quincy where they have been the guests of relatives.

Mrs. Thos. Reid was a visitor in Springfield Tuesday.

Mr. Leonard Black and children of Springfield are visiting her mother, Mrs. Margaret Tewksbury.

Mrs. William Vannier and children spent the 4th in Pittsfield.

Mrs. J. E. Likes was a business visitor in Quincy Wednesday.

**KNIGHTS OF PYTHIAS  
JOINT INSTALLATION**

Two Lodges Join in Ceremonies Thursday Evening — Frank Bracewell Was Installing Officer.

Joint installation ceremonies were held Thursday evening by Jacksonville Lodge No. 152 and Favorite Lodge No. 376 Knights of Pythias in Castle hall on the North Side of the square.

There was a large attendance of members despite the extreme heat and the ceremony of installation was of a most impressive character.

Frank Bracewell acted as Deputy Grand Chancellor and the following officers were installed for the ensuing term:

Jacksonville 152.  
C. C. — Fletcher Hopper.  
V. C. — Emmett Miller.  
Prelate — Harry Elliott.  
M. of W. — B. C. Lair.  
M. of A. — Fred E. Darr.  
I. G. — Lester Elliott.  
O. G. — George H. Evers.

Favorite 376.  
C. C. — Clarence Swaby.  
V. C. — Hugh Green.  
Prelate — W. E. Spooner.  
M. of W. — L. F. Jordan.  
M. of A. — Harry Maddox.  
I. G. — Charles Wallihan.  
O. G. — Ilen Stewart.

Following the installation and business session refreshments were served and the members spent some time socially.

## Pirate Victim?

The government is making a world-wide search for Captain Willis Womack and the crew of the schooner, Carol A. Deering. Nothing has been heard of crew or boat since January and it is believed they are victims of pirates of the high seas.

## CHAPIN HOUSEHOLD SCIENCE CLUB MET

Mrs. Ellen Coultas is Hostess to Club Members at Recent Meeting—Other Chapin News, Notes.

Chapin, July 7. — Mrs. Ellen Coultas, pleasantly entertained the Household Science Club Wednesday afternoon, July 6. The roll call was responded to by his- toric selections. An excellent paper was read by Mrs. Alpha Anderson on the Spanish American War.

An interesting discussion led by Mrs. Howard Tucker on "How to make our club more efficient and useful the coming year," was very much enjoyed. There were sixteen members and seven guests present. The social hour that followed the program was very pleasant. The hostess served a delicious two course luncheon. The next meeting will be at the home of Mrs. James Hutchins.

Mr. and Mrs. Louis Nienhuuser were guests of Hy Audenkamp in Arenzville Wednesday.

Mr. and Mrs. Alfred Osborne and children of Beardstown were Wednesday guests of Mr. and Mrs. W. I. Williamson.

Mrs. Elmer Bonds and two children of Beardstown visited Wednesday at the home of James Rigor.

Frank Nash recently purchased the "Grandma" Holland property, where he will reside in the near future.

Miss Helen Sidles is the proud owner of a new Ford sedan.

Mr. H. O. Crum of Britton, Okla., arrived Thursday night for an extended visit with her mother, Mrs. Elizabeth Bridgman and other relatives.

Mr. and Mrs. E. E. Sidles were shopping in Jacksonville Thursday.

**DENIES TRIED  
TO MAKE MATCH.**

Los Angeles, Cal., July 7. — Victory Post 54 of the American Legion today denied that it was interested in a proposal originating here to invite Jack Dempsey and Jack Johnson to fight, a part of the proceeds to go to disabled veterans of the world war. The sponsor of the benefit plan explained that they were not connected with the post.

Mr. and Mrs. M. C. Young went to Winchester yesterday to attend the funeral of Mrs. Elizabeth Hawk.

Lawrence Oxley was a business caller in Jacksonville yesterday from Nortonville.

Mrs. Jennie Rontchler was a Thursday shopper in the city from Concord.

## STURTEVANT HALL WILL BE REBUILT

Work Begun on Historic Structure on Illinois College Campus — Basement and First Floor, Rooms to Be Finished Now — Other Work Deferred.

Work has begun on the rebuilding of Sturtevant hall at Illinois college. The trustees awarded the contract to Vasconcellos & Sons for partial rehabilitation of the building. Vasconcellos & Sons were selected for the entire job but the funds that would have been necessary for the completion of the work were much larger than the trustees felt should be expended, and it was therefore determined to defer the work until prices are lower. However, it was subsequently determined to do the work necessary for refitting of the basement and the first floor and arrangements were made with Vasconcellos & Sons for this work. This firm made the lowest bid for the entire contract.

Dr. Rammekamp, president of the college, said yesterday that the work will be pushed along rapidly so that a portion of the building will be available for use when college reopens next fall. The rooms are especially desired for the use of the chemistry department which has been housed in the gymnasium building since Sturtevant hall was damaged by fire.

It is the intention to eventually restore the building to the condition in which it was prior to the fire. However, the equipping of the basement rooms is entirely a new matter, and the rooms have not previously been used for laboratory purposes.

For what SHANKEN is going to do about it see page 8.

## See This Better Mower Before You Buy

You are interested in a mower that will cut more acres—a mower that requires fewer repairs—a mower that you can adjust quickly to take up wear—a mower that will continue to cut cleanly for years to come. We have that mower for you—the John Deere Mower.

The John Deere is different from others. The gears are enclosed and operate in a bath of oil. The maximum power is transmitted to the cutter bar with no lost motion. A

simple effective adjustment that can be made in a few minutes, takes all the lag out of the cutter bar, even after years of use—this mower will continue to cut cleanly and easily even in your most difficult field conditions.

And the powerful lift—a boy can easily raise the bar from the seat to pass over obstructions, or to a vertical position. The John Deere is the mower you need—the mower you will want after you see it.

## BALE TIES

Much depends upon the strength and reliability of a bale tie. Heavy commercial loss results from the use of ties of unproven worth.

## New Home Sanitarium

Incorporated

A Private Surgical Hospital  
Thru its Public Health Department Says:—

### About Operations

We have been questioned by several as to the advisability of being operated upon during summer hot weather.

I can say in reply that under suitable conditions there is no reason why you should fear hot weather for that operation. At the New Home

Sanitarium, "THE SURGICAL INSTITUTION," every pleasant and safe condition for your comfort and recovery is provided.

The large porches, electric fan in every room, perfect ventilation and home like surroundings make you forget the hot weather.

In fact, because the rush is not as great we would advise your selecting the summer.

A. H. KENNIEBREW, M. D.  
Surgeon in Charge

### FRANKLIN

Mr. and Mrs. Willie Morgan and family and Mr. and Mrs. Walter Morgan visited relatives here Sunday and Monday.

Mr. and Mrs. Black and family and a brother of the latter of Bloomington, stopped for a short visit with George Schaaf and family. On their way home after a month's tour to Colorado and other points, Mr. Black is a brother of Mrs. Schaaf.

Ruth McLamar, Anna Wright and Dorothy Featherstone, who are attending school at Normal, came home Friday evening for a visit with home folks, returning to their duties Monday.

Mrs. Marshall Violet, son and daughter attended a family reunion at Greenfield, Sunday.

Mrs. Harvey Spires and Mrs. Jesse Brewer were shopping in Jacksonville, Saturday.

Wyman Bland came home Sunday to spend the Fourth.

Mrs. J. D. Rolston took suddenly ill Sunday and was very sick for several hours.

A son was born to Mr. and Mrs. Eugene Hart of Virgdon, Sunday, at the Springfield hospital.

Their little son Harry is with his grandmother, Mrs. Augusta Hart.

Mrs. W. M. Skens visited her daughter, Mrs. Elmer Strawn, near Alexander, Saturday.

Mrs. Mayme Beerup is visiting her son, Elmer and family, in Decatur.

Christina, Catherine and Regina Seaver spent the Fourth in Jacksonville and visited relatives.

### CAP BARGAINS

### ROODHOUSE PEOPLE TO LEAVE ON AUTO TRIP

Mr. and Mrs. Polite to Make Extended Trip to W. — Other Roodhouse News Notes of Interest.

Roodhouse, July 5.—Mr. and Mrs. Lester O. Polite will leave Friday in their new Buick car for Green Bay, Wis., where they will visit relatives, going from there to Yellowstone park and Denver. At the latter city they will be joined by cousins, Mr. and Mrs. Bert Harris, who will go with them to Colorado Springs and other touring points in the state. They will return in October.

Mrs. Mayme Higbee, widow of the late Chas. H. Higbee, died at her home in Tottenville, New York Saturday afternoon, June 25. About four weeks ago she was stricken with paralysis. Her sister, Mrs. Anna Higbee of St. Louis, formerly of Roodhouse was summoned to her bedside and remained with her to the end.

An ice cream social will be given at Martin's Prairie church, five miles east of Roodhouse, Saturday evening, July 8, proceeds for benefit of church.

Dean Morrow of Athensville is visiting his cousin, Roy Mansfield of Roodhouse.

Mr. and Mrs. F. P. Plahan and Mr. and Mrs. C. F. Scott, contemplating driving to Kansas City next in Mr. Plahan's Buick car. Mr. and Mrs. Scott will visit Conductors Cad Smith and wife. The Plahans will be guests of Mr. and Mrs. George Plahan.

Mrs. R. W. Wright and children, Virginia and Robert went to Atlanta last Saturday to visit Mrs. Wright's parents. Mrs. Wright's returned home this week, but the children will remain for awhile with relatives there and at Lincoln.

Mrs. Ray I. Barry and daughters, Misses Allen and Hester arrived at noon Wednesday from Jonesboro, Ark., after an extended visit in the south.

Postmaster W. C. Roodhouse has been laid up the past few days with sciatic rheumatism.

John W. Starkey is assisting at the postoffice.

Mr. and Mrs. Alvin Gibbons, Mr. and Mrs. T. J. Rimbey, Mrs. James Sink and sister, Miss Hallie Rimbey, Mrs. Stanley Minor, were the guests of J. Y. Rimbey Sunday.

The Roodhouse Nationals defeated the O'Connells of Springfield on the American Legion diamond here last Sunday afternoon. Owing to the rain the game was postponed from three to four o'clock. Another shower fell just at the conclusion of the game. The final score was 5 to 4 in favor of the Nationals.

M. D. Whitlock, express messenger on the C. & A. has returned to Roodhouse, to resume his duties after spending a week vacation at his home in Jacksonville.

G. D. Roberts of Alton has returned to his home after working a week in Roodhouse.

Rev. Dewhurst, pastor of the M. E. church together with his family arrived home the latter part of last week.

Miss Mame Doherty of St. Louis will be here Saturday to spend a few days with Mrs. L. A. Sparlin.

South Side Square

### CONCORD

Misses Frances Hansmier, Doris Trainer of Beardstown were week end visitors with Mrs. Walter McCarty.

Miss Mabel Yeck has returned from a visit with her sister, Mrs. Eldop Parlier, near Jacksonville.

Mr. and Mrs. Glenn Yeck have returned home from a visit with relatives in Rushville.

Mr. and Mrs. Edgar Smith and two sons of East St. Louis motored to Concord Sunday to spend the Fourth with Mr. and Mrs. Sidney Smith and daughter, Miss Dorothy.

Mrs. Fred Ginder and Mrs. H. A. Stone have returned from a convention at Fossiland, Illinois.

Mr. and Mrs. Crouse and Mr. and Mrs. Bert Way and family, motored to Virginia, Monday.

Don't forget the ice cream supper Saturday evening, given by the Anti-Cants of the Christian church at the Ladies' Aid hall.

The annual chicken and fish fry will be held August the 12 at the M. E. church.

### Eye Fatigue

Like other parts of your body, your eyes are subject to fatigue. Consequently, if they tire easily, something is wrong, and they should have immediate attention.

Eye-weariness shows itself in blurred vision, in headaches, in nervousness, in twitching of the muscles about the eyes, etc.

If you have any of these symptoms let us examine your eyes.

60 East Side the Square.

## The Quality of Pride

Pride is of various kinds. There is the kind, for instance, that has basis in work well done—the pride of performance. There is pride of family—there is pride of possession.

The quality of PRIDE is a laudable quality provided that that on which it is based is WORTHY and provided that it is exhibited GENUINELY and MODESTLY.

We are PROUD of the furniture we sell. We are proud because we know that customers we serve will be entitled to a proper pride in the HOMES that our furniture helps to make. They can be proud because of the GOOD TASTE, the comfort, the usefulness and the VALUE which is present in everything we sell.

Somehow we find it difficult to view our merchandise as "just merchandise." We have always in mind the place it will take in the HOME of the buyer and of the pride of possession to which every one is entitled to feel, and which every one CAN feel in the properly furnished home.

We will be proud to serve you well.

## C. E. Hudgin

## NOT A WELL DAY IN SEVEN YEARS

Another LaSalle Woman is Restored to Splendid Health by Tanlac After Long Suffering.

"I just wouldn't take all the money in the world for what Tanlac has done for me," said Mrs. P. S. Clark of 447 Second St., LaSalle St., LaSalle, Ill.

"At the time I began taking it I only weighed a hundred and ten pounds and now I weigh a hundred and thirty, and I have been relieved of troubles that had bothered me for seven years, and built up in health until I feel like a different person."

"During all these years I never knew what a well day was, and at the time I started on Tanlac I was almost a nervous wreck. My appetite was just about gone, and even the few mouthfuls I did eat caused me untold misery from gas and heartburn."

"My nerves seemed to have just gone to pieces, sleep seemed to be out of the question and I would get up in the morning feeling tired and weak. In fact I felt weak and exhausted all the time, and I usually had to lie down three and four times in the course of an afternoon."

"Well, it looked like every paper I picked up had something good in it about Tanlac, and I heard people right here in LaSalle telling about how it had helped them, so I decided to see what it would do for me. Well, since taking it I feel like a different person altogether. My stomach never troubles me a particle now and I eat just anything and everything I want. My nerves have quit troubling me and I sleep fine every night, never waking up once till morning, and I get up feeling good and refreshed."

Tanlac is sold in Jacksonville by Shreve's Drug Store.—Adv.

## FARM BUREAU NOTES

### Nicotine Sulfate for Chinch Bugs

Whenever a barrier is made there is always some possibility of a few bugs getting over the line. It also frequently occurs that the bugs get several rows into the corn before the farmer is aware of their presence. In cases like this a spray that will kill the bug and not destroy the corn would be very acceptable. We recently made a try-out of nicotine sulfate on Allison Homason's farm in Markham. This spray was very effective in killing the young chinch bug, but the bugs that were down in between the stalk and the sheaths of the corn blade, did not get their full share. However, after three days the corn was not showing any ill effects of the spray and it seems to promise good results. The standard recommendation is one teaspoon full of nicotine sulfate in a gallon of water in which one oz. of soap has been dissolved.

**Macoupin's Horse Shoe Team**—E. W. Rusk, Farm Adviser, Macoupin county states, that F. H. Richie and F. O. Mefford of Palmyra will represent Macoupin county in the horse shoe contest at the Farm Bureau picnic at Waverly on July 28th. Mr. Rusk says he is betting on Macoupin. I. A. Madden of Sangamon county has not made public their team, but you may rest assured that Sangamon will put a good team in the field.

**Legumes to Balance Corn**—The corn crop produces an enormous amount of digestible nutrients per acre, but this is not fully utilized unless fed in connection with some other feed to properly balance the ration. The cheapest and most practical feed to balance corn in the ration are legumes. For this purpose, an acre of alfalfa is worth practically ten acres of timothy. On good land, corn, used for silage, and alfalfa will each produce from two to four times as much digestible nutrients per acre as any of the crops commonly raised on the farm, and about five times as much as blue grass pasture. In addition to this, they form a palatable and well-balanced ration and considering the yield do not take an excessive amount of labor.

An average yield per acre of 3 1/2 tons of air-dry alfalfa hay and 1.66 tons of corn silage were obtained for six years on the twenty-acre Dairy Demonstration. After shrinkage, this furnished a dairy cow with a ration of 12 pounds of hay per day for 420 days and 40 pounds of corn silage and alfalfa hay with the addition of only a small amount of green, soiling crops for a short time during the summer, but without grain produced an average of 8281 pounds of milk and 235 pounds of fat. The good production of these cows on a ration without grain and their sleek condition at the end of the year speaks wonders for the economy and efficiency of these feeds in combination.

The cheapest and best feeds for cows are usually corn silage and alfalfa hay, and cows should be fed to the limit of their capacity on these feeds before adding grain. Where this is done, they will usually consume enough of these feeds to produce about 20 pounds of milk per day which is more than the average production of the cows in Illinois. However, when cows are capable of producing more than this, grain should be added, according to the milk flow.

### A DISASTROUS FIRE

Wednesday afternoon about 4 o'clock, Mrs. Ed Farmer, residing near Prentice, lighted her oil stove intending to do some ironing. She stepped outside a moment and while she was away the oil stove exploded and scattered the burning liquid about the house so thoroughly that the whole structure was at once in flames and nothing whatever could be saved. Had the lady been in the house at the time when the explosion took place she would doubtless have been burned to death.

The house was a six room frame dwelling and the place is the property of Samuel Farmer of this city. He said he had \$1,500 insurance on it but didn't remember the name of the company. The building was worth much more than the insurance. Edward Farmer said it was impossible to estimate his loss of contents. He thought he had some insurance but was not certain as to the amount. It will be a heavy loss for the gentleman who is poorly able to bear it.

During Which Time We Are Going to Offer You Some of the Greatest Bargains in Seasonable Goods Ever Known in This City

## Dresses, Skirts, Blouses, Millinery, Sweaters and Piece Goods

# TEN DAYS OF CONTINUED LOW PRICES

On New Merchandise of the Highest Quality

### And Why 'Down to Business'

Why do we announce a "Down to Business" selling event?

First, because we know that we have in stock, to be sold at remarkably fair prices, some of the prettiest things for women's wear ever shown in this city.

Next, it is the policy of Shanken's stores to take the public fully into its confidence, to be absolutely frank in all respects. We want you to know what we are doing and why.

When we located among you a short time ago we announced our Opening event, offering high grade seasonable goods at extremely low prices. The response was most gratifying. We then invited you to a Get Acquainted sale event, and later asked you to "Follow the Crowds."

Results have been pleasing to us, and we feel must have been so to you individually.

We have been at some disadvantage during this time by reason of the unfinished condition of our store room—this work is not yet complete. And there has been considerable difficulty with delayed shipments. But those are conditions which worry us more than the public.

However, we have begun, we have become acquainted with many—many personally, and feel that now we can get "Down to Business" in earnest—the business of pleasing a really discriminating public.

## DRESSES Every Summer Dress will be sold, as our policy is not to carry anything from season to season

Organdie Dresses—Combination with Gingham—the newest of the season. Many pretty patterns to choose from. Regular \$16.50. Our price **\$7.95**

Silk Poplin Skirts in black and blue. Regular \$4.50. Our price **\$2.24**

### "Sales" and "Special Prices"

It has come to us that it is being said we cannot continue the low prices that we have been making on our high quality merchandise; that our manner of doing business is just a "splurge" or "flash". We know better, and we know that you will know better as you know us longer.

Perhaps the word "sale" in connection with most of our announcements is a misnomer. When we give publicity to such events and invite your presence it is not because we have goods that are slow-moving and must be turned into cash, but it is because we are able to continually offer astonishingly low prices on new goods. We do not intend to carry stocks beyond the quick absorbing power of a community, but at all times to have a carefully selected stock of women's wear priced to the public at a fair margin above cost to us, and our costs are low because we are able to eliminate middlemen's profits.

Quick sales of new high quality goods, pleased patrons and small profits, is the motto of Shanken's stores.

We do not announce "Special" prices on a few articles. Our low prices extend to every article in the store, and each price is based on our purchase price.

And another thing, if at any time you don't find just the article you have pictured in your mind, let us know and we will have it here for you quickly.

### WASH SKIRTS

in gaberdine; all new styles. Sizes up to 36. Worth up to \$6.50. Special while they last at **\$1.98**

Fancy Poplin Skirts in black and navy. Well made. Regular \$6.95. Our price **\$4.79**

Fall Skirts in all new materials—Plaid, Velour, Prunella Cloth and many other fancies worth up to \$22.50. Special at **\$12.50**

Don't forget our Sweaters. We lead them all.

## "One of the Greatest Economic Problems Is Distribution"

PRESIDENT HARDING in a recent address declared that "one of the greatest economic problems, if not the greatest, is distribution. There can be no doubt of the position of the good roads movement in the solution of the problem. I believe that Federal and State Governments must not only create good roads but they must insist upon the maintenance of good roads. A good road gone wrong is a streak of memorial to neglect and waste. The roads we build must be built for use in the distribution of products rather than for mere pleasure riding. We must foster the use of motor trucks."

The expression of the chief executive of our nation is but a confirmation of the experiences of the Standard Oil Company (Indiana) in the conduct of its business.

The problems of distribution are of paramount importance and in effecting this distribution, good roads are a primary essential.

The Standard Oil Company (Indiana) has in operation more than 4000 motor trucks engaged in distributing gasoline, kerosene, and lubricating oils to ultimate consumers in 11 Middle Western States. It is the business of this department to attempt to furnish Standard Oil products to whoever may require them, wherever he may live.

To supplement the tank wagon, the Standard Oil Company (Indiana) maintains a network of service stations, located on the main traveled highways, every few miles in the country and every few blocks in the city.

Through its highly specialized organization, the Standard Oil Company (Indiana) manufactures from crude petroleum the three factors necessary to a solution of the problems of distribution.

Standard Paving Asphalt for good roads—enduring roads.

Red Crown, the high-grade gasoline, for power—tremendous power.

Polarine, the perfect motor oil, for lubrication—correct lubrication.

In the manufacture of these products, the Company has set as a measure of value, specifications which it believes insure the user the utmost of service at a minimum of expense. Its products are made to exact standards, and these standards are based upon a careful, exhaustive study of the conditions under which they will be used. All are uniform in quality and go to the consumer with the Company's guarantee that they are exactly as represented.

Standard Oil Company

CONCORD I. O. O. F.  
INSTALLS OFFICERS

Newly Elected Officers Installed Saturday Night — A. W. Leeper Visits in Iowa—Other Concord News.

Concord, July 5.—Concord lodge No. 82, I. O. O. F., installed the newly elected officers on Saturday night as follows:

Glen Eagle, N. G.; Chas. Eagle, V. G.; S. M. Smith, R. S. N. G.; M. O. Smith, L. S. N. G.; Sidney Smith, R. S. V. G.; Hubert Wester, L. S. V. G.; T. L. Morrison, warden; Henry Becker, conductor; Silas Trent, inside guardian. There will be two candidates to take the initiatory degree at the next meeting.

Hubert Wester and family spent the Fourth at the home of his parents on Indian Creek.

This section was visited by a severe wind storm followed by a rain at 4 o'clock Monday afternoon. A great many shocks of wheat and oats were uprooted and some scattered. It is hoped that the chinch bug got their full share.

Mrs. George Wooff writes from McAllen, Texas, that the weather down there is getting quite warm.

Also that Mr. and Mrs. Vernon Brainer are favorably located at Corpus Christi and they have a new little daughter, second child.

Mr. Terley of Chicago was a visitor here recently. He accompanied Leland Henderson on a trip to the farm.

Leland Henderson has become Morgan county distributor for a very valuable accessory on Ford cars. His address is 460 South East street, Jacksonville, Ill., phone 1328.

## MILLER WAGONS

Made in Edina, Missouri for Fifty Years

There is perhaps no other article used on the farm in which the individual skill and knowledge of the builder is so necessary as in the manufacture of wagons.

No text book has been printed on wagon building; the craft is not listed in the curriculum of any school. The wagon maker does not graduate in a month or a year; his diploma is measured by the good name and demand for his product. His work shop may be in a wilderness; but if he builds right, the beaten path of patronage is the inevitable result.

There is a beaten path to the Miller Wagon plant in the little city of Edina, Mo. The high grades of Oak and Hickory of the Missouri hills and uplands have been hewn and chiseled into Miller Wagons, since the days of the Civil War; and today they are the some high grade goods they were in the days "When Johnny came marching home."

## Daily Market Report

## PRICE OF WHEAT

## MAKES ADVANCE

CHICAGO, July 7.—Bullish  
crop reports from North Dakota  
with black rust in Manitoba and  
Saskatchewan did a good deal to  
day to lift the price of wheat.  
Closing quotations were strong,  
3c to 5c net higher with Septem-  
ber, \$1.20½ to \$1.20¾ and Decem-  
ber \$1.23 to \$1.23½. Corn gained  
½ to 1½c, oats ½ to 1½c and pro-  
visions 5 to 20c.

Wheat values began to ascend  
as soon as trading got fairly un-  
der way. The chiefly initial im-  
petus coming from advices that  
on much average in North Dakota  
the crop had been almost entirely  
destroyed by drought in some  
other parts of the state and that  
the quality had been injured.  
Bulls put emphasis, too, on disap-  
pointing threshing returns from  
Ohio, Indiana, Illinois, Iowa and  
Missouri. It was estimated that  
deterioration in Missouri amount-  
ed to 10,000,000 bushels com-  
pared with the prospect a month  
ago. Such conditions made the  
market in the later trading more  
sensitive than has been usual of  
late regarding black rust news.

The chances of harm from  
black rust north of the interna-  
tional boundary were said to be  
greater in the domestic crop.  
Continued dry weather had a  
bullish influence on corn.

Corn like wheat was affected  
by adverse threshing returns.

Provisions advanced readily  
with grain and hogs.

## CHICAGO LIVESTOCK

Chicago, July 7.—Cattle—Re-  
ceipts, 5,000; beef steers and fat  
sheep mostly 15 to 25c higher,

ber, 37½ asked.

## LIBERTY BOND MARKET

By Associated Press.  
New York, July 7.—Liberty  
bonds closed: 3½, \$86.60; first  
4s, \$87.34; second 4s, \$87.12;  
first 4½s, \$87.46; second 4½s,  
\$87.20; third 4½s, \$91.02; fourth  
4½s, \$91.02; 5s, \$98.36;  
5½s, \$98.36.

## ADDITIONAL GAINS

## ON STOCK MARKET

NEW YORK, July 7.—Addi-  
tional gains were made by many  
leading issues in the stock mar-  
ket today but the advance lacked  
the breadth and vigor of yester-  
day's session and was materially  
impaired by profit-taking sales  
before the close.

Shorts also opposed the recov-  
ery basing their operations large-  
ly on the belief that industrial  
conditions as indicated by the  
trade, were still subject to down-  
ward revision. The most con-  
structive development was the an-  
nouncement by Secretary Mellon  
that the railways would receive  
additional advances amounting to  
about five hundred million dol-  
lars before the expiration of the  
year.

Steels and equipments, also  
motors, coppers, leathers and tex-  
tiles registered gross advances of  
1 to 2 points, but broke sharply  
with some food specialties in the  
later dealings. Sales amounted to  
835,000 shares.

Future release of July interest  
and dividend disbursements con-  
tributed to the ease of the money  
market although all call loans on the  
exchange again were made at 5½  
per cent, despite the lower rate in  
the open market.

Dealers reported very light  
trading in foreign exchange, a  
firmer tone prevailing.

Liberty bonds were irregular.  
Total sales (par value), \$12,275-  
600.
